## Description:

KCEN-TV NBC 6

Reporter / Producer

Top 100 market station seeking a reporter / producer. This position entails producing the Saturday and Sunday early and late evening newscasts and reporting two days per week. If you are only interested in the reporting side of the job and not the producing, don't apply. We need someone equally committed to doing quality work in both areas. The weekend producer will be the backup producer for the other newscasts when those producers are out sick or on vacation.

The reporting side of the job will work as a general assignment reporter with geographical and topical beat assignments for their areas of specialty. Previous beat reporting experience is a plus! A proven track record of enterprising, breaking exclusives and networking to produce stories will put you at the top of the list. Active instead of passive stand-ups will also put you at the top of the list. Talking head and walk-n-talk stand-ups won't cut it. Demonstrative, show-n-tell type stand-ups, multi-part stand-ups, stand-ups with graphic elements and anything else creative that furthers the story or enhances comprehension of the story, will make you stand out from the crowd.

## Salary:

## Experience:

Minimum one year experience as a reporter / producer required.

## Requirements:

Other requirements include: a team player attitude, receptivity to learning, willingness to try new things in regards to producing and reporting, good organizational skills, attentiveness to detail and a flexibility about change.

Texas connections are also a plus.

## Additional Requirements:

This position will work a schedule of 4,10-hour days per week.

Videotape Editor

KCEN-TV, market #94, is looking for a full-time videotape editor to work the evening shift 2pm – 11pm. We currently shoot on DVC-Pro and edit on a linear, tape-to-tape system, so proficiency in straight-cut editing is essential. Starting this year and over a period of two years, we will be transitioning to a non-linear, tapeless format, so a proficiency in computerized editing is a huge plus. Prefer prior market experience but will accept college training and experience if it can be backed up with a solid resume tape and an editing test during the interview process. We are looking for a team player who works well with others, who is willing to occasionally work a flexible schedule and who communicates effectively.
